Live entertainment

Our talented host and singer is the perfect addition to your private event. They'll warmly welcome your guests, perform a set of songs, and create an inviting atmosphere by chatting and engaging with everyone. As the host of the open mic night, they'll keep the energy flowing and even join guests on stage for an impromptu sing-along, making sure everyone feels comfortable and entertained throughout the evening.

Our charismatic host and singer will be the life of your event, performing themed songs to perfectly match your chosen vibe. They'll greet your guests with a warm welcome, engage everyone in an interactive musical game, and create a friendly atmosphere by chatting with guests and making sure everyone feels included and at ease.

Our talented DJ will set the perfect mood by spinning music tailored to the theme of your event, ensuring the beats keep flowing and your guests dance the night away! Tunes can be based on your musical preferences or genre.

Live entertainment

Our live musicians will bring a fresh twist to both classic and contemporary hits, creating guaranteed sing-along moments. With their interactive style, they'll have your guests participating and joining in the fun. We have a range of band sizes from single, duos & larger which can come with musical instruments depending on your vibe of choice.

Your hosts play a popular music track. If anyone thinks they know the first line of the song, they put their hand up. That person then gets up on stage and grabs the mic. The track is restarted, and the contestant then has to sing along, with the correct timing, words, and conviction. If all three judges raise their green flag, you've won a point on the leaderboard - and are on your way to the final. If you fail, the crowd will still cheer you off stage and you'll feel like a legend! High energy and very interactive.

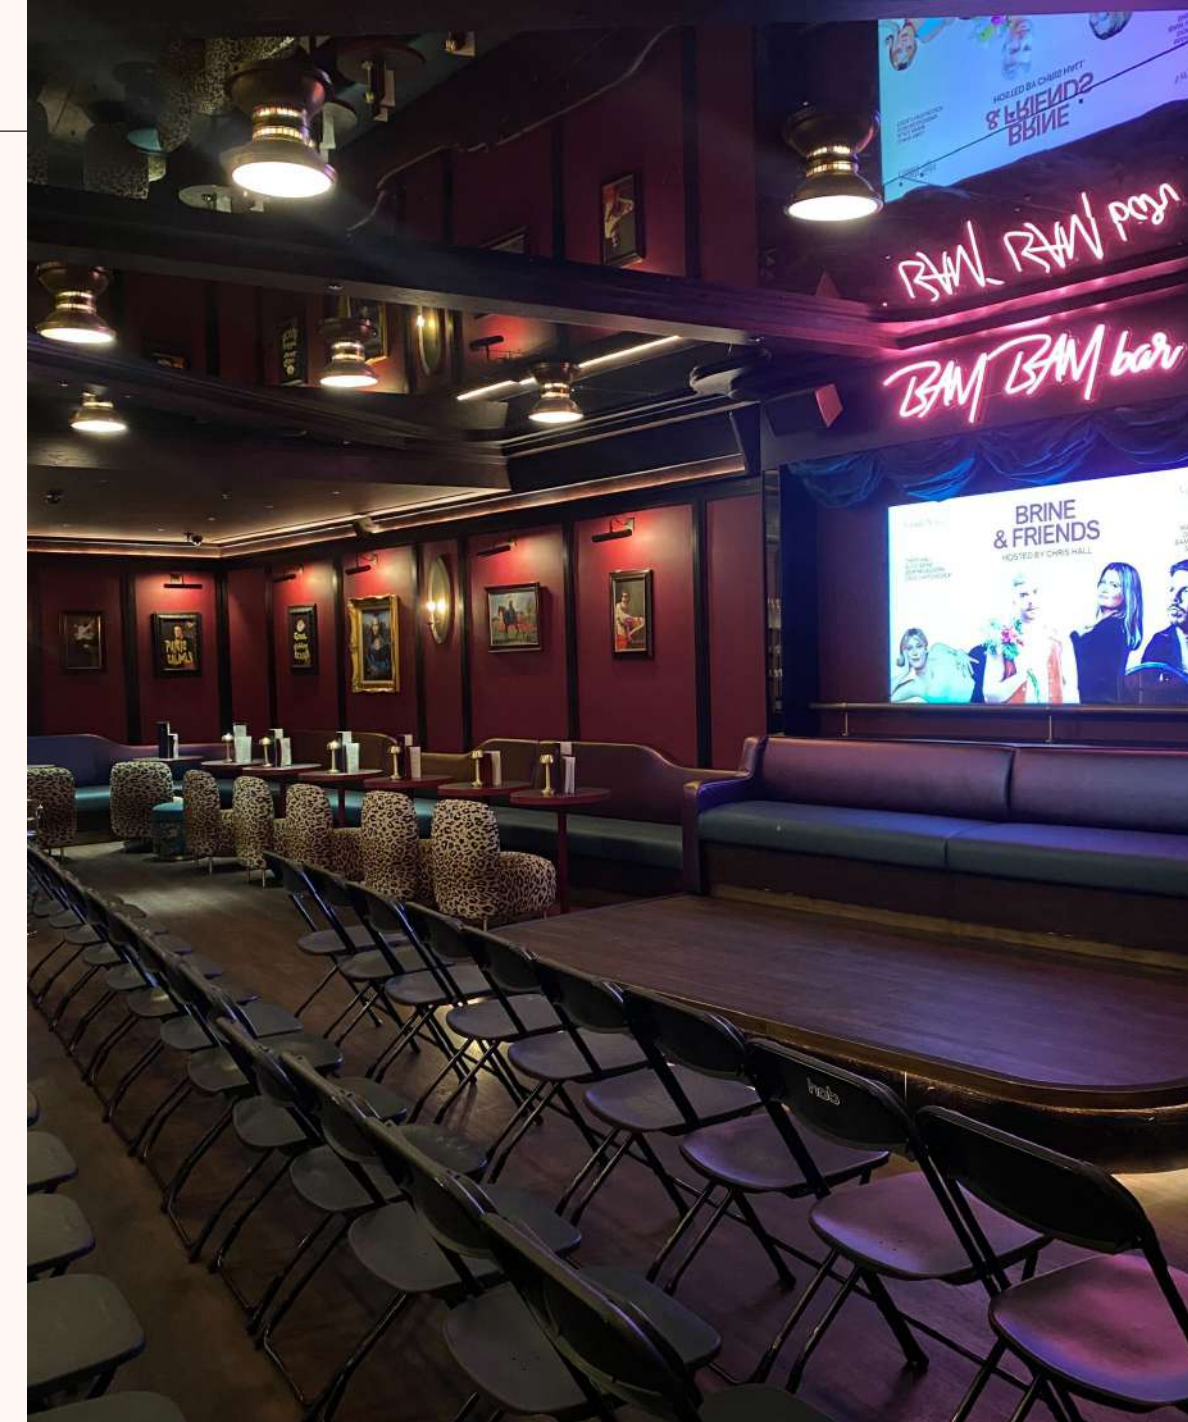

Pianists and vocalists who know every single song. Test them!

Write a song on a post-it, drop it on the piano and they'll sing it for you. Guaranteed to get the whole crowd sing along.
